LinkedIn Workshop

Boston University - Kappa Theta Pi Professional Technology Fraternity

Fall 2024 Professional Development

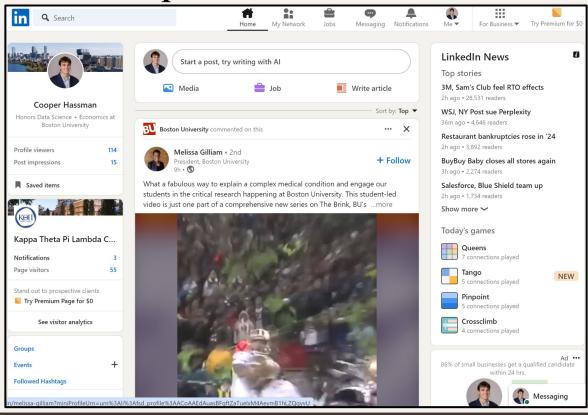

What is LinkedIn?

- A social media site
- Professional-focused
- "Friends" = "Connections"
- Messaging feature
- Premium and Learning features

Why do we need an account?

- To get an interview
- Interest an employer in your abilities
- Provide a positive first impression of you in 10-20 seconds

More

More

Keep it short, sweet, and simple!

About/Features

About:

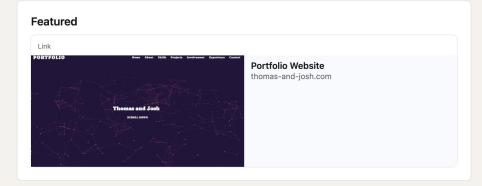

- As short as you want, but keep it 1-2 paragraphs.
- First person, sets the tone and your brand.
- Establish your passions and expertise.
 Be definitive.
- An elevator pitch but shorter.

Features:

- Portfolio Website
- Resume
- GitHub
- Any other additional materials

programming. Currently seeking internship opportunities for summer 2024!

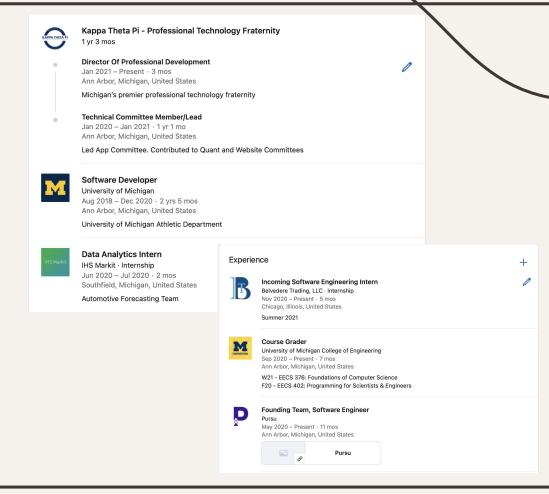

Experience

Expanded version of your resume.

Include:

- Jobs and internships
- Research positions
- Fellowships
- Student organization leadership positions
- On-campus jobs

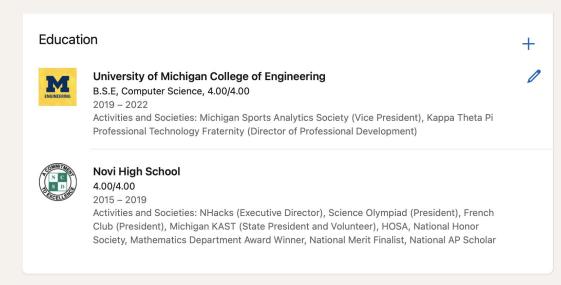

Great place to exhibit your involvement because you're not limited in space (Don't make it too long, though!)

Education

High School, College, Study Abroad, Dual Enrollment...

- Degree Program/School
- List Student Organizations
- Honor Society, Dean's List, etc.
- GPA (>3.0)

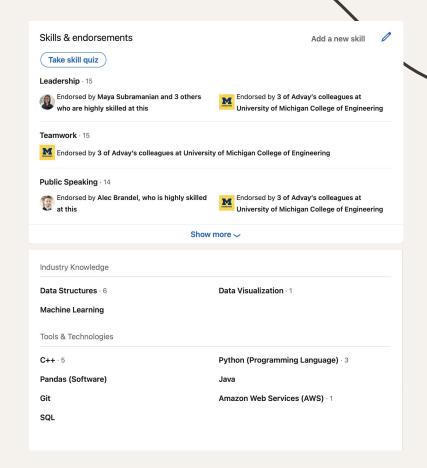

Skills and Endorsements

More leeway than your resume.

Include:

- Software
- Industry Knowledge
- Programming Languages
- Soft Skills

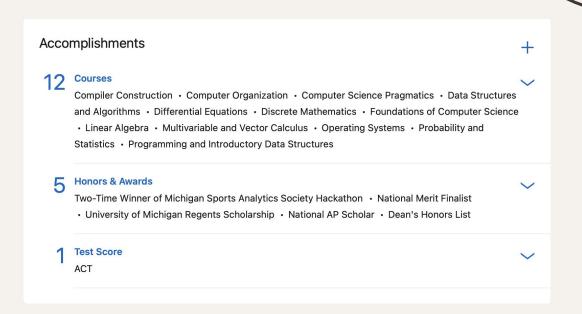

Your connections can "endorse" you for certain skills, which increases credibility.

Accomplishments

Include:

- Publications
- Patents
- Courses
- Projects
- Honors and Awards
- Test Scores
- Languages
- Organizations

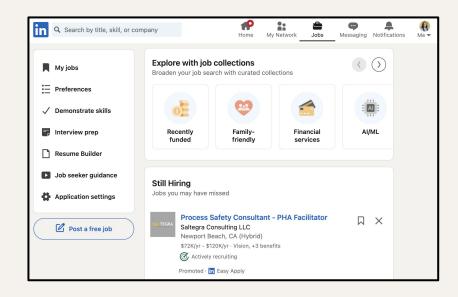

General Tips

- Customize your LinkedIn Profile URL in Settings:
 - make it /in/your-name or /in/yourname
- Once you get to 500 connections, the number is hidden.
- The default privacy setting makes it so that you can see who views your profile (and people can see when you view them)

Find Jobs & Opportunities!

- LinkedIn Jobs is a great place to find job and internship opportunities
- Shouldn't be the only place you look (HandShake, Indeed, etc.)
- You may find opportunities in your feed posted by recruiters/team members
 - Connect with recruiters whenever possible!
- Better to apply on company websites when possible

Strategy: Messaging Recruiters

- Go out of your comfort zone- the worst outcome is no response!
- Send a note with an invitation to connect- 5 free per month
- Look up company's campus recruiters and hiring managers
- Look for second-degree connections, BU alumni, high school connections, ANY sort of connection and message!

Sample LinkedIn Messages (200 char. max)

"Hi, my name is and I'm a BU student studying I just applied for
the role at (company name) for next summer. Would love to connect and
talk more about (company name)!"
"Hi, I'm a major at BU and I'm interested in learning more about (industry name). Would love to connect and chat about your experience in the
industry!"

Most importantly: try to find something in common and **show genuine interest** (don't immediately ask for a boost in the application process).

Offer to set up a call or meeting to talk about their career and your future.

LinkedIn Premium: is it worth it?

Normal:

- Cannot message people outside your network
- Except for sending a blind connect request
- You can go blind mode and have people not see your activity

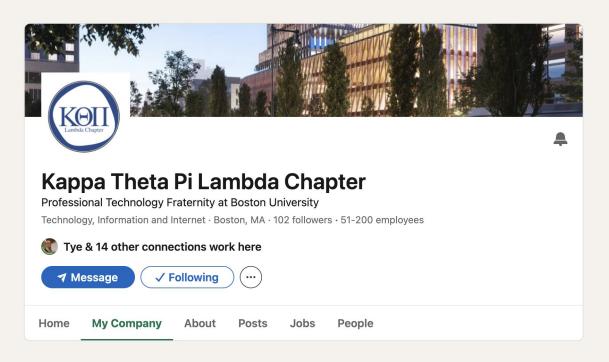

Premium:

- 5 inMail messages per month
- You can see who views your profile without them seeing you
- You get a badge on your profile, apparently you stand out in apps

Consensus: Not really!

It's \$29.95/month, but the inMail messages are the biggest appeal. I recommend using your **free month** during recruiting season to slide on recruiters.

How To: Email Signature

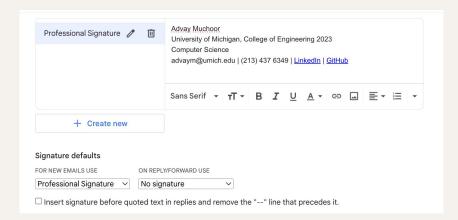

What is an Email Signature?

- Featured at the end of a professional email including information about the sender
 - Full name
 - Photo (optional)
 - University/Company name
 - o Job title, ie. Student
 - o Phone Number
 - Major
 - Linkedin
 - Email
 - GitHub

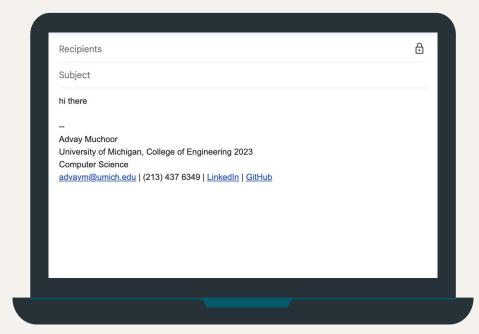

Steps

- 1. Go to Settings in Gmail.
- Click "See all settings" and go to "General"
- 3. Scroll down "General" until you see "Signature"
- Click "Create New" and name it "Professional Signature"
- 5. Follow the formatting pictured. Change information tailored to your major, ie. Design Portfolio.
- 6. Change "For New Emails Use" to your new signature.
- 7. When finished, **click "Save Changes"** at the bottom of the screen.

Complete!

Questions?

Workshop Time!

- If you don't have a LinkedIn or it's incomplete, work on completing it now!
- If you already have a LinkedIn, swap laptops with another pledge and give feedback on each other's profiles.
- To get your LinkedIn approved:
 - Connect with each other and every brother in KTP
 - Have a committee member look over your profile and ok it
